

# AUTHORISED RACKET COVERINGS: 1 APRIL 2008 – 30 SEPTEMBER 2008

## LIST N°29 also on the Internet: [www.ittf.com](http://www.ittf.com) (Equipment, Racket Coverings)

DATE OF PUBLICATION: 1<sup>st</sup> April 2008

Information that appeared for the first time in List 29 is shown in italics.

The new rubbers entering the list in October (List 29B) will be in **bold** and italics.

Dark sponge (black, blue, brown, green, purple, red) should not be used under translucent red coverings (most red coverings are translucent). It is the player's responsibility to use a racket covering which appears bright red, and the use of a dark sponge under a translucent top sheet is likely to make the rubber illegal. Even if racket coverings appear in this List without reference to sponge, the Law 2.4.3. governs the use of sponge.

Many racket coverings contain additional text in the rubber mould apart from the brand name and suppliers name and this does not disqualify them from the List of Authorised Racket Coverings. However, the brand name given in the list must be there (for example, Butterfly Srivier L and Butterfly Srivier S have the addition "D13"). Such texts could be positioned anywhere in the area reserved for the text on the rubber.

How to acknowledge a racket covering from this List:

1. Make certain that you have the correct list (see date of validity, they are published twice a year, in April and October). Pdf files to be found on our website at all times: [www.ittf.com](http://www.ittf.com).
2. The supplier and brand names as well as the ITTF logo and ITTF number should be clearly visible on the rubber.
3. These names should appear in the List. If in doubt, check the images/pictures on the ITTF web site.

### LEGEND

- † **Warning: these brands are not authorised from 1.7.2008.**
- 01) Supplier number, may appear in the rubber mould together with the ITTF logo.
